

March 13, 2020

Good afternoon,

As we continue to monitor the situation regarding COVID-19, Trinity is prepared for e-learning should the decision be made not to return after spring break. Our teachers have been working diligently to ensure grade appropriate instruction will continue via email, Canvas and other electronic means. Teachers in grades K3-2 will communicate with parents via email regarding schoolwork. In grades 3-12, individual teachers will use Canvas to communicate and post assignments.

We are prepared to transition from traditional classroom learning to e-learning and vice versa with ease. Since this situation is very fluid, the administration will be continuously monitoring events affecting school and extra-curricular activities, including athletics. We will send an update no later than Tuesday, March 17th. Be sure to check your email and the school website. Our preference is to maintain a traditional classroom environment as long as the safety and health of our students and faculty/staff is not compromised.

As stressful and challenging as these times are, we take comfort in knowing that "God has not given us a spirit of fear but of power and of love and of a sound mind." 2 Timothy 1:7. We will make our way through these challenges together, taking matters one day and one step at a time.

Have a wonderful and safe Spring Break.

Merle Henkel
